## Tips for First-Time THC-Beverage Tasters

- **Start Low:** THC beverages with 2-5mgs of THC are less strong than those with 10mg.
- **Go Slow and Take Breaks:** It can take extra time for you to feel the effects of THC.
- **Ask Questions:** Our beertenders know their stuff! Ask them about their products and its potency.
- **Listen to Your Body:** Everyone reacts differently. Stay hydrated, don't try to match others, and visit our Zen Zone if you need to relax by yourself.
- **Get Home Safe:** Make sure you and your friends have a plan to get home safely.
